

# Clydebelt News

Number fifteen

May 2003

Clydebelt is the organisation dedicated to protecting our Greenbelt heritage in the Kilpatrick Hills and is concerned with other "undeveloped" areas nearby  
It is non-political, non-sectarian, and non-profit-making

This Newsletter has been distributed to the last known address of a member. If they have moved on, but you are interested, you are very welcome to join us. Membership is for a once-only fee of £1 (or £2 for a household) which should last for years of printing and postage unless we need another big campaign.

For details contact 01389872490 or email [assist@clydebelt.org.uk](mailto:assist@clydebelt.org.uk)

**If you have email, please email [assist@clydebelt.org.uk](mailto:assist@clydebelt.org.uk) to confirm your address.**

You are invited to the Clydebelt

## Annual General Meeting

7.30 pm Tuesday 20th May 2001

in the Trinity Church, Roman Road, Duntocher

We will have more details of issues raised in this Newsletter, and any more that arise. The meeting is for all who are members, and you can join at the meeting. Come and make your feelings known.

### Agenda

1. Minutes of previous meeting
2. Secretary's Report
3. Treasurer's Report
4. Proposal to wind up Clydebelt due to insufficient Committee effort  
*(Over 400 people joined Clydebelt's original campaign. Thirteen years later, Clydebelt has over 400 members' addresses listed, money in the bank and an active web-site. We have deterred developers and influenced planning policy. But Clydebelt is in danger of not getting sufficient committee members to keep functioning. If passed, we must decide which organisation should receive the funds.)*
5. Amendments to Constitution *(items 5 and 6 will be omitted if 4 is passed)*
6. Election of Committee and Office Bearers
7. Discussion on Proposed Windfarm  
*(What action, if any, to take will depend on whether or not Clydebelt still has a full-enough committee to continue its campaigning)*
8. Any other competent business

followed by:

## the Duntocher Burn from the Clyde to its source

An illustrated talk by Sam Gibson

We have committee members willing and able to carry on, but we need to share these tasks more:

- secretarial (mostly writing letters)
- chair meetings
- take minutes of meetings
- contact planning depts for news
- update web pages
- monitor and comment on planning policies

And if a new threat to the environment arises:

- help with running the campaign
- write effective letters of objection
- create publicity, press releases
- produce posters and newsletters
- lobby councillors, MSPs and MPs
- distribute leaflets in local streets
- survey flora, fauna, geology or archaeology
- give evidence at any Public Inquiry
