Number nine

November 1996

Clydebelt is the organisation dedicated to protecting our Greenbelt heritage in the Kilpatrick Hills.

It is non-political, non-sectarian, and non-profit-making

## Clydebank Club's own goal in Greenbelt

Clydebank Football Club applied for outline planning permission to build a new Stadium and car parks on the Greenbelt between Hardgate and Drumchapel, between the Boulevard and the golf course. But the Club failed

to provide a traffic impact study. On 16th October West Dumbartonshire Council Planning Committee refused the application. Will they try again when they sell Kilbowie?

### Sunk in Bowling Harbour

Clydebelt members attended a packed Public Meeting held by the Milton & Bowling Community Council in March. We agreed with criticisms published by their Subcommittee of the outline development application by Morrison Homes for residential, retail and tourist development around Bowling Harbour.

It was a bad plan on grounds of housing, amenity, nature conservation, employment and economics. We objected, and also wrote to all West Dumbartonshire Councillors.

On June 4th we went round the site with the Planning Committee, and continued our objections at a public meeting that followed in the Napier Hall. The Bowling people submitted a complete survey of public opinion - overwhelmingly against the plan.

Our efforts succeeded - on 26th June, against the Planning Officer's recommendation, a huge majority of the full Council turned it down.
